

Waste Management Commission
 Thursday, March 12, 2:00 P.M.
 OC Waste & Recycling
 300 N. Flower Street, Ste. 400, Santa Ana
 Multi-Purpose Room (Room 467)

Waste
 Management
 Commission
 Local Task Force
 Orange County, CA

AGENDA

If you wish to speak on an item contained in the agenda, please complete a Public Comment Form identifying the item(s) and submit it to the Commission Clerk. If you wish to speak on a matter which does not appear on the agenda, you may do so during the Public Comment period at the close of the meeting. Speaker forms are available at the sign-in table at the back of the room.

The Orange County Waste Management Commission consists of 18 members. Nine members present constitute a quorum. In the absence of a quorum the meeting will be convened and adjourned, and no actions may be taken by the Commission.

Pledge of Allegiance

Roll Call The Clerk of the Commission will call roll.

Chairman's Report Chairman Chad P. Wanke

Director's Report Dylan Wright, Director, OC Waste & Recycling

Action Item Recap Commission Clerk

Agenda Item 1: Minutes of Waste Management Commission/Local Task Force, December 11, 2014
 Summary: Review and approve minutes of December 11, 2014 WMC/LTF meeting.
Recommended Action: Review and approve minutes.

Minutes of Special Meeting of the Waste Management Commission/Local Task Force, February 19, 2015
 Summary: Review and approve minutes of February 19, 2015 WMC/LTF meeting.
Recommended Action: Review and approve minutes.

Agenda Item 2: OC Waste & Recycling Second Quarter FY 2014/15 Financial Report
 Summary: Staff will provide the OC Waste & Recycling Financial Report for Second Quarter of FY 14/15.
Recommended Action: Receive and file report.

- Agenda Item 3: AB 939 Report**
Summary: Staff will present a written report on AB 939 programs, projects and issues.
Recommended Action: Receive and file report.
- Agenda Item 4: Legislative and Regulatory Report**
Summary: Staff will present a written report summarizing legislative and regulatory activities that could impact operations of OC Waste & Recycling.
Recommended Action: Receive and file report.
- Agenda Item 5: Presentation on OCWR Renewable Technologies Implementation Plan**
Summary: Staff will provide a presentation on OCWR's Renewable Technologies Implementation Plan
Recommended Action: Receive and file report.

Commissioner Comments

Public Comment

At this time members of the public may address the Commission regarding any items within the subject matter jurisdiction of the Commission provided that NO action may be taken on off-agenda items unless authorized by law. When addressing the Commission, please state your name for the record prior to providing your comments. Please address the Commission as a whole through the Chair.

Comments shall be limited to three (3) minutes per person and up to twenty (20) minutes for all comments, at the discretion of the Chair and the approval of the Commission.

Copies of Waste Management Commission Agenda packets may be obtained from OC Waste & Recycling by any of the following methods:

- 1) By accessing the OC Waste & Recycling website at www.oclandfills.com and viewing the Waste Management Commission page.
- 2) By sending a written request to OC Waste & Recycling, 300 N. Flower, Suite 400, Santa Ana, CA 92703-5000;
- 3) By telephoning the Commission Clerk at (714) 834-4059;
- 4) By sending an e-mail request to Commission Clerk at julie.chay@ocwr.ocgov.com.

NEXT MEETING: Thursday, June 11, 2015

Agenda Item 1a - Minutes of Waste Management Commission/ Local Task Force, December 11, 2014

Commissioners Roll (√ Indicates Present)

Chip Monaco	WM of Orange County		

Call to Order

Chairman Brett Murdock called the meeting to order at 2:08 p.m.

Pledge of Allegiance

The Pledge of Allegiance was led by Commissioner Wahner.

Roll Call

Roll call was conducted by the Commission Clerk.

Chairman’s Report

Chairman Murdock welcomed new commissioners Deepak Krishan and Cheryl Brothers. He also congratulated Doug Chotkevys on his reappointment to represent the City Managers on the Commission and Chad P. Wanke on his re-election to the Placentia City Council and selection as Mayor of Placentia. Then he thanked outgoing Commissioner Carchio for his service and presented him with a commemorative plaque.

Director’s Report

Director Dylan Wright introduced Rick de la Torre, the new strategic communications manager, who holds a Master’s Degree in Communications and was the public relations coordinator for the Los Angeles Department Education for 16 years.

Mr. Wright reported on the status of discussions to continue waste importation. He said that OCWR staff has met with the City Managers of the landfill host cities, as well as a working group formed by Orange County City Managers’ Association. Discussions have been positive and are continuing. Mr. Wright presented the benefits of continued waste importation: rate stabilization, maintaining quality service, and ensuring adequate funding to meet regulatory and environmental requirements.

The Board of Supervisors approved the landfill gas-to-energy project at the Frank R. Bowerman Landfill. Groundbreaking is scheduled for January 22, 2015 at 10:00 a.m.

The Board of Supervisors selected Tetra Tech BAS, Inc., to develop the Renewable Technologies Implementation Plan. The agreement is expected to be considered by the Board in January 2015.

Repairs to the Green Building at Prima Deshecha Landfill are underway. The litigation regarding deficiencies in the original project continues.

The Commission folders contain a presentation on CRT Glass Recycling and Disposal, a presentation on the Strategic Review of Operations, and the 2014 Angels' Partnership Report.

Agenda Item 1: Minutes of the September 11, 2013, Waste Management Commission Meeting

The minutes were approved as written, with abstentions by members not present at the September meeting.

Agenda Item 2: OC Waste & Recycling FY 14/15 First Quarter Financial Report

Manager of Budget Services, Alan Yuki, presented the report.

The report was received and filed.

Agenda Item 3: AB 939 Report

Manager of Recycling Programs, Isabel Rios presented the report.

The Report was received and filed.

Agenda Item 4: Legislative and Regulatory Report

Jesus Perez, Manager of Legislative and Regulatory Affairs, presented the report. He called attention to AB 1826—the organics ban—and AB 1594—the elimination of greenwaste diversion credits—as significantly impacting OCWR operations.

The report was received and filed.

Agenda Item 5: Presentation on CRT Glass Recycling and Disposal

Jeff Arbour, Manager of Environmental Services, provided the report with a presentation.

The Report was received and filed.

Agenda Item 6: Presentation on OCWR Strategic Review of Operations

An Tran, Deputy Director of Business Services, provided the presentation. Commissioner David Shawver asked where the Waste Management Commission fits on the organization chart that was the final page of the report. Director Wright pointed out that the Commission serves as an advisory body to the Board of Supervisors. The chart in the report reflected OCWR operations relationships only.

The Report was received and filed.

Agenda Item 7: Election of 2015 Chair and Vice Chair

Chairman Murdock opened the floor for nominations and Commissioner Shawver nominated Commissioner Chad P. Wanke. There were no further nominations. Commissioner Wanke was elected by acclamation.

For Vice Chair, Commissioner Shawver was nominated by Vice Chair Wanke and unanimously elected. The new roles will commence the first meeting in 2015.

Public Comments

None

Commissioner Comments

Chairman Murdock thanked the Commission and staff for their support making it a great year and wished everyone a happy holiday season.

Commissioner Soto thanked Director Dylan Wright and staff for facilitating a presentation in San Juan Capistrano on the La Pata Extension.

Commissioner Shawver noted that the brief overview of the OC Waste & Recycling Strategic Plan presented at the meeting prompted him to suggest that the Commission would benefit from a more detailed look at OC Waste & Recycling's strategic direction. Chairman-elect Wanke said that he would discuss the suggestions with Director Dylan Wright.

The meeting was adjourned at 3:13 p.m.

Call to Order

Chairman Chad P. Wanke called the meeting to order at 2:10 p.m.

Pledge of Allegiance

The Pledge of Allegiance was led by Commissioner Brett Murdock.

Roll Call

Roll call was conducted by the Commission Clerk.

Agenda Item 1: OC Waste & Recycling and Waste Management Commission Overview

Staff provided a presentation on OC Waste & Recycling operations and the role of the Waste Management Commission. Clarification was requested regarding the role of the Waste Management Commission. Staff explained that the Commission serves as an advisory body to the Board of Supervisors. The Commission also serves as the Local Task Force per the requirements of AB 939. In this capacity the Commission is required to review each 5-Year Update to the Countywide Integrated Waste Management Plan before submittal to CalRecycle.

At the request of Commissioners, OC Waste & Recycling will forward the Commission Agendas and Minutes to the Board of Supervisors to keep them apprised of the Commission’s activities. The Commission’s position on a matter is noted in any communication with the Board of Supervisors with regard to that matter.

Agenda Item 2: Establishment of Waste Management Commission Subcommittees

Chairman called for the establishment of three subcommittees. He described each of the subcommittees and explained that they would serve as a way for Commissioners to examine the respective subjects in greater detail and report back to the Commission.

Three subcommittees were established as follows:

<i>Subcommittee</i>	<i>OCWR Staff</i>	<i>Subcommittee Members</i>
Legislation and Regulations	Jesus Perez, Manager, Legislative and Regulatory Affairs	David J. Shawver Doug Chotkevys
Waste Importation	An Tran, Deputy Director, Business Services	James Wahner Donald Froelich Brett Murdock
CIWMP 5-Year Update	Isabel Rios, Manager, Material Regulation & Recycling Programs	Deepak Krishan Rob Johnson David Shawver

Chairman Wanke invited Commissioners to consider serving on a subcommittee and to notify the Commission Clerk if they would like to serve.

Public Comments

None

Commissioner Comments

Commissioner Chotkevys asked if he would be able to serve on a subcommittee. It was his understanding that he was not a voting member of the Commission. The Clerk indicated that she would review the Bylaws and seek County Counsel opinion to determine if the City Manager Representative was eligible to vote and to serve on subcommittee.

The meeting was adjourned at 3:29 p.m.

Agenda Item 2 – *OC Waste & Recycling’s Financial Report* ***Second Quarter of FY 14/15*** ***Alan Yuki, Manager, Budget & Landfill Administration***

This report presents the financial status of OC Waste & Recycling for the second quarter of FY 14/15 (October – December, 2014). Included in the report is financial information related to tonnage, expenditures, revenues, cash, and fund balance/reserves.

System Tonnage

Total OC Waste & Recycling system tonnage received during the second quarter FY 14/15 was 1,142,874 tons, consisting of 708,087 in-county tonnage and 434,787 importation tonnage. By landfill site, the second quarter FY 14/15 tonnage was as follows:

Olinda Alpha Landfill

In-county tonnage	238,631 (34%)
Importation tonnage	302,019 (70%)

Frank R. Bowerman Landfill

In-county tonnage	379,459 (53%)
Importation tonnage	128,322 (29%)

Prima Deshecha Landfill

In-county tonnage	89,997 (13%)
Importation tonnage	4,446 (1%)

Revenues

For the second quarter of FY 14/15, revenue recorded in OC Waste & Recycling’s Enterprise/Operating (Fund 299) was \$28,582,807, or 27% versus the revenue budget of \$104,711,505. Primary sources of revenue received during the first quarter included:

- \$23,206,369 Disposal Fees (87.6% of the \$28,582,806 quarterly total)
- \$2,812,388 Other Revenues (6.5%)
- \$1,235,758 Royalties (2.8%)
- \$1,184,624 Operating Transfers-in (2.6%)
- \$143,668 Interest Income (0.5%)

Expenditures

Second Quarter FY 14/15 expenditures and encumbrances recorded in OC Waste & Recycling’s Enterprise/Operating (Fund 299) totaled \$19,319,889 or an approximate 16% spendout versus a modified expense budget of \$129,438,336.

Second Quarter FY 14/15 expenditures and encumbrances recorded in OC Waste & Recycling’s Capital Project Fund (Fund 273) was \$26,887,487 or an approximate 54% spendout versus a modified expense budget of \$45,826,935.

For the Second Quarter of FY 14/15, OC Waste & Recycling's categories of major expenditures from OC Waste & Recycling's Enterprise/Operating (Fund 299) and Capital Project Fund (Fund 273) were:

- \$29,503,065 Capital Project Expenditures (64% of the \$46,207,376)
- \$6,040,147 Salaries & Employee Benefits (13%)
- \$4,038,445 Equipment Purchases & Maintenance (9%)
- \$3,889,206 Services & Supplies (8%)
- \$1,735,916 Taxes, Fees, Assessments (4%)

Cash Balance and Reserves

As of December 31, 2014, the OC Waste & Recycling's Enterprise/Operating Fund 299 had a cash balance of \$148,465,344.

As of December 31, 2014 the OC Waste & Recycling's Enterprise/Operating Fund 299 had an available reserves balance of \$66,364,623.

Summary

Should you have any questions or would like additional information, please contact Alan Yuki, OC Waste & Recycling Budget & Finance Manager at (714) 834-4161.

Recommended Action: Receive and file report.

Agenda Item 3 – *AB 939 Report – Isabel Rios, Manager, Material Regulations and Recycling*

The purpose of the AB 939 Report is to update the Waste Management Commission on AB 939 programs, projects, and issues of mutual interest.

AB 1826 AND AB 1594 REQUIREMENTS AND ORGANICS MANAGEMENT PLAN

AB 1826 was signed into law by the Governor in September 2014. AB 1826 require that by 2016, local jurisdictions across the state implement an organic waste recycling program to divert organic waste generated by businesses, including multifamily residential dwellings that consist of five or more units (please note, however, that, multifamily dwellings are not required to have a food waste diversion program). Organic waste means food waste, green waste, landscape and pruning waste, nonhazardous wood waste, and food-soiled paper waste that is mixed in with food waste. This law phases in the mandatory recycling of commercial organics. In particular, the minimum threshold of organic waste generation by businesses decreases over time, which means that an increasingly greater proportion of the commercial sector will be required to comply.

If CalRecycle determines that the statewide disposal of organic waste in 2020 has not been reduced by 50 percent, compared to 2014 disposal levels, the organic recycling requirements on businesses will expand to cover businesses that generate two cubic yards or more of commercial solid waste per week. Additionally certain exemptions, previously discussed with a jurisdiction, may no longer be available if this target is not met.

AB 1594 was also signed into law by the Governor in September 2014. The existing law requires 50 percent of green waste be processed and reused. This bill, commencing January 1, 2020, stipulates that the use of green material, used as alternative daily cover (ADC), is no longer considered diversion through recycling and would be considered disposal. Commencing August 1, 2018, this bill would require a local jurisdiction to include information in an annual report on how the local jurisdiction intends to address these diversion requirements and divert green material that is currently being used as alternative daily cover.

The County currently accepts approximately 1,700 tons per day of processed residential green waste at all three landfills combined. The processed residential green waste is accepted at no charge and supports compliance with state mandated diversion requirements. At this time, the County does not anticipate any changes to the current ADC acceptance policy.

Recently, OC Waste & Recycling (OCWR) staff met with external local stakeholders to identify impacts related to AB 1826 and AB 1594. External stakeholders expressed their concerns regarding costs, impact on Orange County residents and businesses, limited infrastructure, and available markets in Orange County.

In response to the concerns, OCWR will be partnering with stakeholders to develop an Organics Management Plan that will assist the County and Orange County cities in meeting the mandates of AB 1826 and AB 1594. As part of the plan, the department is developing a Request for Proposal (RFP) to solicit interest and determine the feasibility for contractors to operate a composting and/or mulch

operation or other technology at the closed Santiago Canyon Landfill. The RFP is scheduled to be released in late 2015 or early 2016.

COUNTYWIDE COMMUNITY OUTREACH PARTNERSHIP PROGRAMS

OC Waste & Recycling (OCWR) and Discovery Cube (DC) partnered on developing the Eco Challenge exhibit as part of a mutual goal to educate the general public and encourage them to adopt habits to protect the environment in order to stimulate long-term behavioral change. As an extension of that goal, both organizations have a mutual interest in increasing the number of visitors to the Eco Challenge exhibit, thereby maximizing the educational reach and impact of the exhibit's messages and accelerating behavioral change.

Eco Challenge 2014 Annual Report and 2015 Strategic Marketing Plan

Discovery Cube (DC) Year 2 Eco Challenge Marketing Report is currently being developed. The Annual Report includes highlights of the Eco Challenge Marketing elements, partnership with DSC, Angels Baseball, Anaheim Ducks, and Goodwill of Orange County as well as measurable results related to the Eco Challenge.

OCWR is also working with Discovery Cube's subcontractor, DGWB, to develop the Year 3 Eco Challenge Strategic Marketing plan designed to educate the public about taking the Eco Challenge.

ECO CHALLENGE EDUCATION AND OUTREACH PROGRAM

Angels Baseball LP Eco Challenge Poster Contest

The 3rd Annual Eco Challenge Poster Contest campaign will start on March 3, 2015 through June 30, 2015. Orange County residents between the ages of eight (8) and fourteen (14) are invited to submit a poster depicting this year's theme "Take the Eco Challenge." One winner will be chosen from each supervisorial district and the winner will have the opportunity of being an Honorary Bat Kid at an Angel's game in addition to several other prizes. For more information visit ocEcoChallenge.com/batkid.

City of Irvine Angels Baseball Community Event

On Saturday, May 30, 2015 from 8:00 a.m. to 11:00 a.m. the County of Orange and City of Irvine will host Eco Challenge Day in Irvine at Bill Barber Park. Goodwill of Orange County will collect e-waste, household goods, and gently used clothing in the parking lot. The first 100 cars will have the opportunity to choose between a 4-pack of tickets to Discovery Cube or a 4-pack of tickets to an Angels game *while supplies last*. An event festivities area will also feature an Angel alumni signing autographs and other eco-friendly activities for children.

Recommended Action: Receive and file report.

Agenda Item 4 – *Legislative and Regulatory Report –Jesus Perez, Legislative & Regulatory Affairs Manager*

This report provides the Waste Management Commission regular updates on the California Legislature as it pertains to solid waste management and OC Waste & Recycling's participation in regulatory activities.

California Legislature

The Detailed Legislative Report includes a comprehensive status report of bills. The report is divided into the following sections:

- Legislative & Regulatory Update
 - a. Bills of Interest
 - b. Bills with official County Position
 - c. Proposed Regulations monitored by OC Waste & Recycling
- Additional Waste-Related Bills

The Legislative & Regulatory table recaps the status of the bills and provides an overall view of legislation and regulation OC Waste & Recycling is tracking.

Recommended Action: Receive and file report.

Attachments:

Attachment A – Legislative & Regulatory Update

Attachment B – Bill Status Report

OC Waste & Recycling Legislative & Regulatory Update

As of February 11, 2015

2015 Legislative Calendar

January 5
Legislature Reconvenes

February 27
Last day for new bills to be introduced

June 5
Last day for bills to be passed out of their house of origin

July 18 – August 16
Summer Recess

September 11
Last day for a bill to be passed

October 11
Last Day for Governor to Sign or Veto Bills

January 1, 2016
Statutes passed in 2015 take effect

High Watched Bills

Household Hazardous Waste

AB 45 (MULLIN) – This bill would establish household hazardous waste (HHW) collection programs for curbside, door-to-door and residential pickup. These would serve as the principal means of diverting HHW from landfills and waterways. [Introduced 12/1/2014](#)

Treated Wood Waste Disposal

SB 162 (GALGANI) – Currently treated wood waste can only be accepted at class I hazardous waste landfills or in composite-lined portion of a solid waste landfill that meets certain requirements through June 1, 2017. This bill would extend the operation of treated wood waste indefinitely. [Introduced 2/3/2015](#)

California has introduced over 650 bills, many of which are still spot bills. The Legislative Calendar allows bills to be introduced until the close of business on February 27, 2015. There are many bills that OC Waste & Recycling will closely monitor that have potential to impact the County of Orange. The following bills were of greatest interest to OCWR:

Climate Bills:

AB 21 (PEREA) Scoping Plan Requires the State Air Resources Board to recommend to the Governor and the Legislature a specific target of statewide emissions reduction for 2030 to be accomplished in a cost-effective manner.

AB 23 (Patterson) Cap & Trade: exemptions Would extend the exemption to those not currently required to participate in Cap & Trade through 12/31/2020.

AB 33 (Quirk) Scoping Plan

This bill would require State Air Resources Board to develop specified information for the purposes of the next scoping plan by July 1, 2016. It would also require by January 1, 2017 a report to the appropriate committees of the Legislature on establishing state policy.

SB 32 (Pavley) Emissions limit

This bill authorize the State Air Resources Board to adopt interim greenhouse gas (GHG) emissions level targets to be achieved by 2030 and 2040. It would also require the board to approve GHG limit of 80% below 1990 levels be reached by 2050. It also indicates that it is the intention of the Legislature for the Legislature and appropriate agencies to adopt complementary policies nationally and internationally.

**Waste Management Commission
Thursday, March 12, 2015**

Agenda Item 4 - Attachment B Bill Status Report

Legend

- Support** OC Waste & Recycling supports the bill, and has requested official BOS support.
- Oppose** OC Waste & Recycling opposes the bill, and has requested official BOS opposition.
- Watch** OC Waste & Recycling has no position on the bill, but will continue to monitor it because of possible implications for the Department.
- BOS** These initials following any position mean that the Board of Supervisors has officially taken the indicated position.
- WMC** These initials following any position mean that the Waste Management Commission has expressed a position.

Yellow highlight in the status table indicates the current status of the bill.

Notes with specific information about the effect of the legislation on OC Waste & Recycling follow each bill summary in blue type.

AB 21 (Perea D) California Global Warming Solutions Act of 2006: emissions limit: scoping plan.

Position: WATCH

Current Text: Introduced: 12/1/2014

Introduced: 12/1/2014

Status: 1/16/2015-Referred to Committee on NATURAL RESOURCES

Location: 1/16/2015 A- NATURAL RESOURCES.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The California Global Warming Solutions Act of 2006 establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases. The act requires the state board to adopt a statewide greenhouse gas emissions limit, as defined, to be achieved by 2020, equivalent to the statewide greenhouse gas emissions levels in 1990. The act requires the state board to make recommendations to the Governor and the Legislature on how to continue the reduction of greenhouse gas emissions beyond 2020. This bill would require the state board, no later than January 1, 2018, to recommend to the Governor and the Legislature a specific target of statewide emissions reductions for 2030 to be accomplished in a cost-effective manner. This bill contains other related provisions and other existing laws.

AB 23 (Patterson D) Waste management.

Position: WATCH

Current Text: Introduced: 12/1/2014

Introduced: 12/1/2014

Status: 1/16/2015-Referred to Committee on NATURAL RESOURCES

Location: 1/16/2015 A- NATURAL RESOURCES.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse

gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020, and to adopt rules and regulations in an open public process to achieve the maximum, technologically feasible, and cost-effective greenhouse gas emissions reductions. The act authorizes the state board to include the use of market-based compliance mechanisms. Existing state board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill would instead exempt those categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism through December 31, 2020. This bill contains other related provisions.

AB 33 (Quirk D) California Global Warming Solutions Act of 2006: scoping plan

Position: WATCH

Current Text: Introduced: 12/1/2014

Introduced: 12/1/2014

Status: 1/22/2015- Referred to Committee on NATURAL RESOURCES.

Location: 1/22/2015 A- NATURAL RESOURCES.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The California Global Warming Solutions Act of 2006 establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases. The act requires the state board to adopt a statewide greenhouse gas emissions limit, as defined, to be achieved by 2020 equivalent to the statewide greenhouse gas emissions levels in 1990. The act requires the state board to prepare and approve a scoping plan for achieving the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions. The act requires the scoping plan to be updated at least once every 5 years. This bill, until January 1, 2020, would require, for purposes of advising the update of the next scoping plan, the state board to develop specified information by July 1, 2016. The bill would require the state board on or before January 1, 2017, to submit a report to the appropriate committees of the Legislature on the specified information. The bill would provide that the specified information is intended to assist in establishing state policy and does not change any statute, regulation, or regulatory decision.

AB 45 (Mullin D) Household hazardous waste.

Position: WATCH

Current Text: Introduced: 12/1/2014

Introduced: 12/1/2014

Status: 12/2/2014-From printer. May be heard in committee January 1.

Location: 12/1/2014 A-PRINT

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Existing law authorizes public agencies to operate curbside household hazardous waste collection facilities, door-to-door household hazardous waste collection programs, and household hazardous waste residential pickup services, and specifies conditions for the transportation of household hazardous waste. This bill would express the Legislature’s intent to enact legislation that would establish curbside household hazardous waste collection programs, door-to-door household hazardous waste collection programs, and household hazardous waste residential pickup services as the principal means

of collecting household hazardous waste and diverting it from California's landfills and waterways.

AB 48 (Stone, Mark D) Cigarettes: single-use filters.

Position: WATCH

Current Text: Introduced: 12/1/2014

Introduced: 12/1/2014

Status: 1/22/2015- Referred to Committees on GOVERNMENTAL ORGANIZATION and HEALTH.

Location: 1/22/2015 A-GOVERNMENTAL ORGANIZATION.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Existing law, the Stop Tobacco Access to Kids Enforcement Act, requires all persons engaging in the retail sale of tobacco products to check the identification of tobacco purchasers, to establish the age of the purchaser, if the purchaser reasonably appears to be under 18 years of age. Under existing law, an enforcing agency, as defined, may assess civil penalties against any person, firm, or corporation that sells, gives, or in any way furnishes to another person who is under 18 years of age, any tobacco, cigarette, cigarette papers, any other instrument or paraphernalia that is designed for the smoking or ingestion of tobacco, or products prepared from tobacco. The existing civil penalties range from \$400 to \$600 for a first violation, up to \$5,000 to \$6,000 for a 5th violation within a 5-year period. This bill would state findings and declarations of the Legislature regarding the health and safety hazards to residents of the state related to cigarettes utilizing single-use filters. The bill would prohibit a person or entity from selling, giving, or in any way furnishing to another person of any age in this state a cigarette utilizing a single-use filter made of any material, including cellulose acetate, or other fibrous plastic material, and any organic or biodegradable material. The bill would prohibit that selling, giving, or furnishing, whether conducted directly or indirectly through an in-person transaction or by means of any public or private method of shipment or delivery to an address in this state. This bill contains other related provisions and other existing laws.

AB 190 (Harper R) Solid waste: single-use carryout bags.

Position: WATCH

Current Text: Introduced: 1/27/2015

Introduced: 1/27/2015

Status: 1/28/2015-From printer. May be heard in committee February 27.

Location: 1/27/2015 A-PRINT

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The California Integrated Waste Management Act of 1989, which is administered by the Department of Resources Recycling and Recovery, requires each city, county, and regional agency, if any, to develop a source reduction and recycling element of an integrated waste management plan. With certain exceptions, the source reduction and recycling element of that plan is required to divert 50% of all solid waste, through source reduction, recycling, and composting activities. Existing law allows the 50% diversion requirement to include not more than 10% through transformation or "biomass conversion," as defined, if specified conditions are met. The act defines "biomass conversion," to mean the controlled combustion used for the production of heat or electricity of specified materials for the purposes of the act. This bill would revise the definition of the term "biomass conversion" to mean the production of heat, fuels, or electricity by the controlled combustion of, or the use of other noncombustion thermal technologies on, those specified materials. The bill would require a solid waste facility sending materials to a biomass conversion facility to ensure that the materials sent are limited to those specified

materials. The bill would authorize the department of a local enforcement agency to inspect the solid waste facility, as specified. The bill would require the owner or operator of a biomass conversion facility to submit an annual report to the department, under the penalty of perjury, containing specified information for the preceding year. Because a violation of this requirement would be a crime, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

AB 191 (Harper R) Solid waste: single-use carryout bags.

Position: WATCH

Current Text: Introduced: 1/27/2015

Introduced: 1/27/2015

Status: 1/28/2015-From printer. May be heard in committee February 27.

Location: 1/27/2015 A-PRINT

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Existing law, inoperative due to a pending referendum petition, would, as of July 1, 2015, prohibit stores that have a specified amount of sales in dollars or retail floor space from providing a single-use carryout bag to a customer and prohibit those stores from selling or distributing a recycled paper bag at the point of sale unless the store makes that bag available for purchase for not less than \$0.10. This same law would, on and after July 1, 2016, impose these prohibitions and requirements on convenience food stores, foodmarts, and other specified entities. This bill would repeal the requirement that a store that distributes recycled paper bags make those bags available for purchase for not less than \$0.10. This bill contains other related provisions.

AB 197 (Garcia D) Public utilities: renewable resources.

Position: WATCH

Current Text: Introduced: 1/28/2015

Introduced: 1/28/2015

Status: 2/9/2015- Referred to Committees on UTILITIES & COMMERCE and NATURAL RESOURCES.

Location: 2/9/2015 A- UTILITIES & COMMERCE

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The Public Utilities Act requires the Public Utilities Commission (PUC), in consultation with the Independent System Operator, to establish resource adequacy requirements for all load-serving entities, including electrical corporations, in accordance with specified objectives. The act further requires each load-serving entity to maintain physical generating capacity adequate to meet its load requirements, including peak demand and planning and operating reserves, deliverable to locations and at times as may be necessary to provide reliable electric service. This bill would state the policy of the state to require all retail sellers of electricity, including investor-owned electrical corporations and local publicly owned electric utilities, to procure all available cost-effective, reliable, and feasible energy efficiency, demand response, and renewable resources, so as to achieve grid reliability and greenhouse gases emission reductions simultaneously, in the most cost-effective and affordable manner practicable. The bill would require that procurement not be limited by any targets established for these resources by statute or regulatory decision. This bill contains other related provisions and other existing laws.

AB 199 (Eggman D) Alternative energy: recycled feedstock.

Position: WATCH

Current Text: Introduced: 1/29/2015

Introduced: 1/29/2015

Status: 2/9/2015- Referred to Committee on NATURAL RESOURCES

Location: 2/9/2015 A- NATURAL RESOURCES.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law establishes the California Alternative Energy and Advanced Transportation Financing Authority to provide financial assistance for projects that promote the use of alternative energies. Existing law, until January 1, 2021, authorizes the authority to approve a project for financial assistance in the form of a sales and use tax exclusion. Existing law prohibits the authority from granting sales and use tax exclusions that exceed \$100,000,000 for each calendar year. This bill would expand projects eligible for the sales and use tax exclusion to include projects that process or utilize recycled feedstock, but would not include a project that processes or utilizes recycled feedstock in a manner that constitutes disposal. This bill contains other related provisions.

SB 1 (Gaines D) California Global Warming Solutions Act of 2006: market-based compliance mechanisms: exemption.

Position: WATCH

Current Text: Introduced: 12/1/2014

Introduced: 12/1/2014

Status: 1/15/2015- Referred to Committee on ENVIRONMENTAL QUALITY.

Location: 1/15/2015 S- ENVIRONMENTAL QUALITY.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020, and to adopt rules and regulations in an open, public process to achieve the maximum, technologically feasible, and cost-effective greenhouse gas emissions reductions. The act authorizes the state board to include the use of market-based compliance mechanisms. Existing state board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill instead would exempt categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism. The bill would require all participating categories of persons or entities to have a compliance obligation beginning January 1, 2025. This bill contains other related provisions.

SB 5 (Vidak R) California Global Warming Solutions Act of 2006: market-based compliance mechanisms: exemption.

Position: WATCH

Current Text: Introduced: 12/1/2014

Introduced: 12/1/2014

Status: 1/15/2015- Referred to Committee on ENVIRONMENTAL QUALITY.

Location: 1/15/2015 S- ENVIRONMENTAL QUALITY

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Existing law establishes minimum requirements for the issuance of a preliminary multiple or single subject teaching credential by the Commission on Teacher Credentialing. Among other requirements, existing law requires satisfactory completion of a program of professional preparation accredited by the Committee on Accreditation, but specifies that the program shall not include more than one year, or the equivalent of 1/5 of a 5-year program, of professional preparation. This bill would instead provide that a program of professional preparation shall not include more than 2 years of full-time study of professional preparation. The bill would update cross-references and would make other technical, nonsubstantive changes.

SB 9 (Beall D) Greenhouse Gas Reduction Fund: Transit and Intercity Rail Capital Program.

Position: WATCH

Current Text: Introduced: 12/1/2014

Introduced: 12/1/2014

Status: 1/15/2015- Referred to Committees on ENVIRONMENTAL QUALITY and TRANSPORTATION & HOUSING.

Location: 1/15/2015 S- ENVIRONMENTAL QUALITY.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Existing law requires all moneys, except for fines and penalties, collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas emissions, to be deposited in the Greenhouse Gas Reduction Fund. This bill would modify the purpose of the program to delete references to operational investments and instead provide for the funding of large, transformative capital improvements with a total cost exceeding \$100,000,000. The bill would require the Transportation Agency, in prioritizing and selecting projects for funding, to consider the extent to which a project reduces greenhouse gas emissions, and would add additional factors to be considered in evaluating applications for funding. The bill would require the Transportation Agency to develop, by July 1, 2016, an initial 5-year estimate of revenues reasonably expected to be available for the program, with subsequent estimates to be made every other year for additional 5-year periods, and would require the agency to adopt 5-year programs of projects consistent with those estimates. The bill would require the agency to make a multiyear funding commitment for a project proposed to be funded over more than one fiscal year, and would authorize the California Transportation Commission to approve a letter of no prejudice that allow an applicant to expend its own funds on a project in the adopted program of projects, subject to future reimbursement from program funds for eligible expenditures. This bill contains other existing laws.

SB 32 (Pavley D) California Global Warming Solutions Act of 2006: emissions limit.

Position: WATCH

Current Text: Introduced: 12/1/2014

Introduced: 12/1/2014

Status: 1/15/2015- Referred to Committee on ENVIRONMENTAL QUALITY.

Location: 1/15/2015 S- ENVIRONMENTAL QUALITY.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to adopt rules and regulations in an open public process to achieve the maximum, technologically feasible, and cost-effective greenhouse gas emissions reductions. This bill would require the state board to approve a statewide greenhouse gas emission limit that is equivalent to 80% below the 1990 level to be achieved by 2050, as specified. The bill would authorize the state board to adopt interim greenhouse gas emissions level targets to be achieved by 2030 and 2040. The bill also would state the intent of the Legislature for the Legislature and appropriate agencies to adopt complementary policies that ensure long-term emissions reductions advance specified criteria.

SB 47 (Hill D) Environmental health: synthetic turf.

Position: WATCH

Current Text: Introduced: 12/17/2014

Introduced: 12/17/2014

Status: 1/15/2015- Referred to Committee on ENVIRONMENTAL QUALITY.

Location: 1/15/2015 S- ENVIRONMENTAL QUALITY.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Existing law regulates certain behavior related to recreational activities and public safety, including, among other things, playgrounds and wooden playground equipment. This bill would require the Office of Environmental Health Hazard Assessment, by July 1, 2017, in consultation with the Department of Resources Recycling and Recovery, the State Department of Public Health, and the Department of Toxic Substances Control, to prepare and provide to the Legislature and post on the office's Internet Web site a study analyzing synthetic turf, as defined, for potential adverse health impacts. The bill would require the study to include certain information, including a hazard analysis of individual, synergistic, and cumulative exposures to the chemicals that may be found in synthetic turf, as provided. The bill would prohibit a public or private school or local government, until January 1, 2018, from installing, or contracting for the installation of, a new field or playground surface made from synthetic turf within the boundaries of a public or private school or public recreational park, as provided. This bill contains other related provisions and other existing laws.

SB 162 (Galgiani D) Treated wood waste: disposal.

Position: WATCH

Current Text: Introduced: 2/3/2015

Introduced: 2/3/2015

Status: 2/4/2015- From printer. May be acted upon on or after March 6.

Location: 2/3/2015 S-PRINT

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law requires, among other things, treated wood waste, as defined, to be disposed of in either a class I hazardous waste landfill, or in a composite-lined portion of a solid waste landfill unit that meets certain requirements. Existing law makes these, and other requirements regarding treated wood waste, inoperative on June 1, 2017. A violation of the state's hazardous waste control laws is a crime. This bill would extend the operation of these provisions regarding treated wood waste indefinitely. By extending the operation of a crime, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Thursday, March 12, 2015

Agenda Item 5 – *Presentation on OCWR’s Renewable Technologies Implementation Plan--Jeff Arbour, Environmental Compliance and Closed Sites Manager*

Staff will provide a presentation on OC Waste & Recycling’s Renewable Technologies Implementation Plan.

Recommended action: Receive and file presentation.
